

## Windows 7 Installation Step by Step

In order to install your copy of the Windows 7 operating system please make sure to have the following items:

- Windows 7 Installation disk
- Drivers CD: \* Use after installation process if needed.

\***NOTE:** Please make sure to back up all of your important data before proceeding with this installation.

**Step 1.** Insert the Windows 7 operating system disk into your DVD drive, and then restart your computer

**Step 2.** You will see a prompt that says '**Press any key to continue**' after the ZT logo disappears. When you see this press any key immediately.

\***NOTE:** The following screen shots may differ from what you may see during your installation. (i.e. Win7 version, HDD disk space etc..)

## Windows 7 Installation Step by Step

Fig.2

**Step 4.** Language options, by default English will be set along with “time and currency format” and “keyboard or input method”

Fig.3

**Step 5.** Click “Install Now”
